

Ilderton Minor Hockey Association Pre Try-out Power Skating August 25 to 29 , 2008

This program will focus on teaching power skating fundamentals to improve balance, agility, power, and endurance. Puck skills will be added to further enhance the hockey development and power skating techniques. This is NOT a learn to skate program. Full CSA approved equipment is mandatory.

This will be an excellent week in preparation for September tryouts and is available only to IMHA registered players. We will attempt to cut off group sizes at 30 players per group, and thus may need to move players to other groups. Sign-up early!!

Instructors : Certified Power Skating Instructors (Minor through to Junior Hockey experience)
Cost : \$50 per session (5 hours of ice)

Session #1 : 10 - 11 year old	(birth year 1997, 1998)	1:30 p.m.
